

Six programs scored on the COMPASS durability rubric — ten dimensions plus an **Irreplaceability** premium, each **0–3**, to a **/36** total mapped to a four-band risk scale. **Two programs sit in HIGH RISK; four in MODERATE.** Not one reaches RESILIENT. The single dimension flat across the whole portfolio is **AI Literacy & Governance (D5)** — 1/3 everywhere.

Master of Information Systems

Master · 1.5–2 yrs · May 2026

HIGH RISK

DIMENSION FINGERPRINT

Critical gaps: AI literacy, automation exposure & graduate-outcome evidence — all 1/3. The BA/PM career spine is the most AI-exposed.

AI ≥80% of early output?
YES

Trains higher-order capability?
UNCERTAIN

More employable in 5 yrs?
NO

Bachelor of Design

Bachelor · 3 yrs · Apr 2026

HIGH RISK

DIMENSION FINGERPRINT

Critical gaps: technical depth, AI literacy, research rigour & outcomes. Studio strengths can't offset rising automation exposure.

AI ≥80% of early output?
YES

Trains higher-order capability?
UNCERTAIN

More employable in 5 yrs?
NO

Master of Biotechnology

Master · 2 yrs · May 2026

MODERATE RISK

DIMENSION FINGERPRINT

Edge: irreplaceability, decisions, domain, human (3/3). **Drag:** AI literacy & outcome evidence (1/3).

AI ≥80% of early output?
NO

Trains higher-order capability?
YES

More employable in 5 yrs?
YES

Master of Science (Earth Sciences)

Master · 2 yrs · May 2026

MODERATE RISK

DIMENSION FINGERPRINT

Edge: automation resilience, technical, decisions, rigour (3/3). **Drag:** AI literacy, human/relational & outcomes.

AI ≥80% of early output?
NO

Trains higher-order capability?
YES

More employable in 5 yrs?
UNCERTAIN

Master of Science (Epidemiology)

Master · 2 yrs · May 2026

MODERATE RISK

DIMENSION FINGERPRINT

Edge: technical, domain & research rigour (3/3). **Drag:** AI literacy & outcome evidence (1/3).

AI ≥80% of early output?
UNCERTAIN

Trains higher-order capability?
YES

More employable in 5 yrs?
YES

Bachelor of Science

Bachelor · 3 yrs · May 2026

MODERATE RISK

DIMENSION FINGERPRINT

Edge: technical, domain & research rigour (3/3). **Drag:** AI literacy & human/relational capability.
